Slightly eased restrictions in public life New Corona Protection Act

Important information for young people

1. Still all people should minimize their contacts with others. Exceptions are household members.

2. Everyone should wear a face mask in public to cover mouth and nose and especially when having contact with persons at particular risk.

You must wear a face mask when using busses or trains and in any kind of shops. Not wearing a face mask or violating the regulations otherwise may be fined.

3. Leaving the flat without important reasons is allowed again. But staying in public is only allowed with family members, flat mates or one person, who is not part of the household.

4. Private travels, trips and visits – also of relatives – should be avoided.

5. Shops that may open are: supermarkets and shops for everyday supplies, shops up to a shopping area of 800 m², shops like craft businesses, gas stations or bike repair shops. Shopping Malls are still closed.

6. Still forbidden are events and gatherings of any kind. **All public institutions are still closed, including recreational facilities for young people.** An exception are for example special libraries, institutions for vocational education and nursery schools for emergency childcare. Restaurants and cafés are still closed.

7. Still forbidden are also visits at hospitals, residential (care) homes as well as institutions of child and youth welfare.

8. The restrictions of contact apply to everyone. Everyone should keep a distance of minimum 1,5 m to others.

The new regulation is valid until May 3, 2020.

As of the Act by the Saxon State Ministry of Social Affairs and Social Cohesion
as a protection against Coronavirus SARS-COV-2 and COVID 19 (Saxonian
Corona Protection Act - SächsCoronaSchVO)
